III. THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

A full copy of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English. The Code is also available on the FEI's website: www.fei.org.

Competition 28 and 33

"Top Score Competition", FEI Driving Rules analogues to Rules for Jumping Art. 270:

The obstacles carry points from 10 to 120 according to difficulty. The Athlete is credited with the number of points carried by each obstacle that has been driven correctly. No points are awarded for an obstacle that is knocked down.

During the fixed time the Athlete may drive any of the obstacles he wishes in any order and in any direction. He has to pass the starting line in either direction. During his round, the Athlete is permitted to cross the starting and finishing lines in either direction, as often as he wishes. The bell is rung to declare the end of the fixed time during which points may be obtained. The Athlete must then cross the finishing line in one direction or the other in order for his time to be recorded; if he does not cross the finish line he is eliminated.

If the fixed time is reached at the moment the vehicle with all four horses/ponies is already in the obstacle or has already passed the obstacle, this obstacle is included in the Athlete's Score if it is driven correctly.

Any obstacle knocked down during a round will not be rebuilt; if it is driven again, no points will be credited to the Athlete. The same applies for knocking down an obstacle as a result of a disobedience. In the case of a disobedience without a knock-down, the Athlete may drive that obstacle or continue to another obstacle.

Each obstacle may be driven twice. Driving an obstacle for the third time does not incur elimination, however, the Athlete does not score the points allotted to this obstacle.

All disobediences are penalised by the time lost by the Athlete.

An obstacle of the course, duly marked by flags is the "Joker". The Joker may also be driven twice; 200 points are awarded each time this obstacle is driven correctly, but if it is knocked down, 200 points must be deducted from the total points obtained so far by the Athlete.

The Athlete who has obtained the highest number of points will be declared the winner. In the event of equality of points, the fastest time will decide. In the event of equality of points and time for first place, there will be a drive-off.

Fixed time: 1st round: 150 seconds, drive-off: 90 seconds

Starting order:

Competition 28: in reverse order of the starting order in competition No. 27 (Dressage)

Competition 33: in reverse order of the starting order in competition No. 32 (Dressage)

Distribution of Prizes and Indemnities

All prize money and all prizes in kind rewarded instead of prize money will be distributed acc. to FEI-RG Art. 127/128 following the last competition at the latest. Other or especially higher premiums or prize money amounts than mentioned above have to be notified by the OC explicitly in writing, otherwise the above mentioned amounts apply. If no other information is given and without prior notice prizes in kind (cars or similar) will be distributed instead, the athlete may reject the prize-money replacement. In that case only the prize-money published in the schedule would be distributed, the prize in kind would remain with the OC. The schedules prize-money are gross prices (also in the sense of the sales tax law).

Depending on the agreement with the horse owner, each athlete binds himself to pass on to the horse owners the prize money or prizes in kind rewarded instead of prize money. The organizer is allowed to deduct possibly outstanding debts of the athlete. Acc. to § 50a EstG this also applies to foreign horse owners. After having deducted the VAT from the prize money or prizes in kind rewarded instead of prize money, as a rule the following income tax will be due: no taxes up to 250 EUR, 15 % exceeding 250 EUR (in force as of 01.01.2009); plus solidarity fee (at present 5.5 %) of the income tax amount.

The tax deduction has to be certified on demand. Those foreign athletes being exempted from tax deduction are kindly asked to submit an exemption certificate either with the entry or on the first show day at the latest. Every competitor himself is responsible for the correctness of the details he submits.

If Athletes have to be placed equally, the money value of possible prizes in kind (e. g. a car) is divided accordingly.

IMPORTANT

The total amount of prize money shown for each Competition in the schedule must be distributed. (FEI General Regulations articles 127 and 128)
